# FAQ

---

## Why don't I just find a full-time designer?

One graphic designer often cannot cover such a wide range of work as well as our team. We have specialists in a variety of areas - from logo and corporate identity creation, to web design, to campaign visuals and social media. Finding one person to handle all of these tasks is challenging and probably more expensive than our services.

## Is there a limit to the number of requests I can make?

After paying the subscription fee, you can give us an unlimited number of assignments that will be processed sequentially. Once your hours are exhausted, we will contact you to agree on the next course of action in a way that is mutually beneficial.

## What if I am not satisfied with the output?

We will work with you to correct our deliverables until you are 100% satisfied.

## How long will I wait for execution?

You will only have to wait one or two days for our outputs. However, more challenging assignments may take longer in some cases.

## In what programs do you implement the design?

Adobe Photoshop, Adobe Illustrator, Adobe InDesign a Figma.

## How can I give you a task?

What allows you to enter tasks with maximum flexibility via the Trello app. It doesn't matter if it's sharing a Google Docs document, wireframes, or simply copying and pasting an email from your client directly into Trello. The key is that everything you need exists in the Trello app.

## Is there a type of design work you don't provide?

Yeah. We do not provide multiple types of design work such as 3D modelling, animated graphics (such as GIFs), design of specific documents (such as technical manuals), complex packaging and large print jobs over 40 pages (such as magazines or books).

## What if I only need one design?

No problem - our hourly package is perfect for just these one-off requests.

## Can I complain about the services I have purchased?

Due to the time and other costs associated with our work, it is not possible to request for a refund. However, if the cooperation does not suit you for any reason, you can cancel or suspend it at any time.

Do you have any questions?  
We will be happy to answer  
them for you.
